### **Tremont Community Summer / Pool Update**

It's nearly pool season and the park district is in full summer hiring mode. If you are interested in seasonal work, or know someone who is, please check out the Park District website for job opportunities or stop in the Fitness Center Office to fill out an application. If you need information regarding lifeguard training and re-certification classes please call the office.

#### **POOL**

Our intention is to open the community pool at the end of May or first part of June, depending on weather. With the generous support of the Tremont Betterment Association, we have retained services to repair the existing pool liner. This repair will take place as warm weather allows and we are hopeful to begin repair in early April. Swim team, swimming lessons, pool passes and reservations will proceed as usual.

The Tremont Park District along with the Tremont Betterment Association, Village of Tremont, Tremont Commerce Association and Winning Communities are working together on a project to replace the aging pool liner. The date of that project is contingent on the success of this season's repair. Communication and updates of this progress will be posted on our website as more information is received.

#### **BASEBALL/SOFTBALL**

Registration is now open for recreational baseball and softball. Please register at the main office or online as soon as possible. Early registration is essential for scheduling. Volunteer coach applications are available online and at the office.

Or that the bank has two employees who have been coming to work there for over 43 years? Another interesting fact about the bank employees is that 38% of them have birthdays in the months of January and August.

The First National Bank in Tremont says, "We invite the Tremont community to stop in and meet our new President, June A. Harnacke. June was previously Vice President and manager of our New Holland location, where she focused on lending and business development.
